Variety –the Children’s Charity of Southern California, founded in 1941, is made up of men and women primarily in the entertainment industry who raise the much-needed funds to provide lifesaving support for disabled, abused, physically-challenged, and underprivileged children in the Southern California community. We are proud that 84 cents of every dollar raised from our major fundraisers goes directly to the children we serve. In the 70 years since our founding, we have raised over \$65 million to help special needs children. The proceeds raised from this event will support programs in the areas of Education, Health Care, and Mobility, serving children in need across Southern California.
